

Vaccine Protocols for Dogs and Cats

Vaccines may be discontinued at a certain age at the doctor's discretion. Patients that are positive for intestinal parasites need to be rechecked. Depending on the type of intestinal parasite, a recheck date will be determined.

	Canine	Feline
Semi-Annually	Exam	Exam
Annually	Bronchitis Lepto (if given) Heartworm test Fecal Test Blood work	FELV (if given) Blood Work FVRCP
